### Background:

Featured in Wine Enthusiast Magazine as a well recommended wine, this Dulce Venganza is an excellent companion for dessert. The late harvested organic grapes used in this wine are the key for its delicious but not overbearing sweet flavor.

In the province of Cuenca near central Spain, our vineyard is located in an area where wine culture has been around for decades. It sits in an altitude of 800 meters above sea level. The continental mediterranean climate of this territory brings plenty of sunlight to the vineyard, and the clay soil retains water, essential for the health of the vines.
