***Jam Band mixes fun, sweetness and music in a bottle. Inspired by actual jam bands that perform unscripted songs and experiment with sounds, Bodegas Albero performs unscripted flavors, making a perfect balance between sweetness, like chocolate, and the fruity notes. And experiments with a fun style for these sweet wines.***

### Background:

In the province of Cuenca near central Spain, our vineyard is located in an area where wine culture has been around for decades. It sits in an altitude of 800 meters above sea level. The continental mediterranean climate of this territory brings plenty of sunlight to the vineyard, and the clay soil retains water, essential for the health of the vines.
