Vaivén means "swaying" in Spanish. In the same way, this wine can make you sway to its gentle and tasty flavors. You can get carried away by its fresh and floral aromas, depicted in the spring-like flowers on the label.

Background:

After eight generations, the Fernández family, owners of the Estate, founded Dominio de Punctum as you know it today. The organic and biodynamic wines like this award-winning Vaivén Tempranillo Crianza are the signature product of our vineyard.

In the province of Cuenca near central Spain, our vineyard is located in an area where wine culture has been around for decades. It sits in an altitude of 800 meters above sea level. The continental mediterranean climate of this territory brings plenty of sunlight to the vineyard, and the clay soil retains water, essential for the health of the vines.
